

TRAVIS COUNTY
invites applications for the position of:

Deputy Medical Examiner II

SALARY: \$175,635.20 - \$228,342.40 Annually

OPENING DATE: 07/12/18

CLOSING DATE: Continuous

JOB SUMMARY:

Responsible for the investigation or supervision of investigation for all types of death. Performs medical-legal postmortem investigations, autopsies and examinations, orders analytical office to provide proper investigations of deaths and determines accurate cause and manner of death, including investigation and evaluation of current and anticipated future inquiries occurring within jurisdiction of Travis County Medical Examiner in accordance with Article 49.25, Texas Code of Criminal Procedure.

Distinguishing Characteristics:

This is the second in a series of four medical examiner-related job classifications within the Medical job family. Subject to call to respond to and coordinate disaster response efforts. This classification may require a flexible work schedule in order to meet the needs of the department.

DUTIES AND RESPONSIBILITIES:

- Serves as Inquest Authority under direction of Chief Medical Examiner.
- Conducts post-mortem examinations to determine cause and manner of death. Orders appropriate analytical testing. Collects specimens and evidentiary materials and requests. Performs external examination of bodies. Prepares written opinion reports regarding case findings, including the interpretation, findings, and issues official death certificate and final report ruling as to cause and manner of death. Promptly reviews and signs Medical Examiner Reports. Provides family conferences in person and by telephone to family members of the deceased to increase level of understanding of causes of death, manner of death, physiologic and psychological mechanisms involved.
- Assists with the directing and planning of quality evaluation systems for all phases of forensic operations to assure quality and consistent work methods.
- Fulfills various academic responsibilities, including scientific research, teaching and training, academic lectures and other educational activities.
- Responsible for assisting with the review of forensic work to ensure quality and consistency of reports.
- Provides expert medical witness testimony in Local, State and Federal court proceedings to include Out-of-County testimony. Oversees forensic criminal and civil actions associated with cases investigated. Confers with attorneys, law enforcement, physicians, media, family members and general public, as required.
- Provides educational and statistical information to community agencies, insurance companies, broadcast or print media, social agencies and educational programs
- Responds to difficult inquiries and complaints.

- As designated by the Chief Medical Examiner, represents the office at public functions and in meetings, State and national forensic organizations board meetings, review team meetings, emergency operations and planning meetings, seminars, conferences, professional associations meetings, civic and school groups, college groups, private organizations, and participates on related committees. Attends continuing education classes.
- Performs other job-related duties as assigned.

MINIMUM REQUIREMENTS:

Education and Experience:

Graduation from an accredited college of medicine AND a postgraduate training program in pathology AND one (1) year of training in forensic pathology at a medical-legal training center.

Licenses, Registrations, Certifications, or Special Requirements:

Licensed to practice as a medical doctor in the State of Texas issued by the Texas Medical Board.

American Board Certified in anatomical or anatomical/clinical pathology.

American Board Certified in forensic pathology.

Valid Texas Driver's License.

Knowledge, Skills, and Abilities:

Knowledge of:

- Medico-legal investigation of death techniques.
- Modern forensic pathology methods and techniques.
- Standard autopsy room protocols.
- Investigative techniques.
- Rules and collection of evidence.
- Federal, State, Local and County applicable laws, rules, regulations and guidelines.
- Budgeting development, process and maintenance.
- Policies, practices, procedures and terminology of assigned function.
- Principle and procedures of record keeping.
- Business English, spelling and arithmetic.

Skill in:

- Performing autopsies.
- Using and caring of autopsy room equipment.
- Conducting investigations.
- Practicing of medicine, pathology and forensic pathology.
- Holding inquests, and documenting results of application of forensic pathology, toxicology, histology, and other medical-legal procedures.
- Supervising others, including team building.
- Explaining complicated technical problems in simple non-technical language.
- Problem-solving and decision-making.
- Department policies and procedures.
- Working with and communicating with various community groups.
- Exercising independent judgment.
- Writing recording and compiling material for accurate reports.
- Dealing effectively and professionally with distraught, upset, or potentially volatile family members or situations.

- Both verbal and written communication.

Ability to:

- Plan, direct, and coordinate the work activities of managerial, professional and support staff.
- Interpret, follow and enforce written rules, policies, procedures, codes, ordinances and regulations.
- Work independently.
- Exercise sound judgment and make sound decisions.
- Deal with death-related environment daily and unpleasant odors associated with autopsies.
- Work in morgue environment with daily contact with dead and decomposing bodies.
- Develop and present accurate written and verbal medical opinion reports on case findings.
- Perform in a stressful environment, while maintaining a professional manner.
- Make appropriate and effective public presentations.
- Present cognitive scientific opinion testimony.
- Use good safety practices and precautions including the use of personal protective gear.
- Establish and maintain effective working relationships with departmental clientele, representatives of outside agencies, other County employees and officials, and the general public.

WORK ENVIRONMENT & OTHER INFORMATION:

Physical requirements include the ability to lift/carry up to 75-100 pounds and maneuvering cadavers unassisted in excess of 200 pounds. Works in an autopsy room. Requires visual acuity, speech and hearing, hand and eye coordination, and manual dexterity necessary to operate laboratory equipment and basic office equipment and computer. Subject to standing, walking, sitting, repetitive motion, reaching, climbing stairs, bending, stooping, kneeling, crouching, crawling, pushing, pulling, balancing, client/customer contact, squatting to perform the essential functions. At times requires driving and exposure to outdoor conditions. Subject to various biological/infectious, chemical, mechanical, electrical, explosive and radiation hazards in indoors/outdoors work, and exposure to fumes, noxious odors and toxic wastes. Daily contact with biohazardous materials. Some exposure to high on job demand stress. Must possess sufficient physical strength and emotional stability to work under adverse conditions.

This job description is intended to be generic in nature. It is not necessarily an exhaustive list of all duties and responsibilities. The essential duties, functions and responsibilities and overtime eligibility may vary based on the specific tasks assigned to the position.
